Subject: [REDACTED] Cafeteria Improved Food Choice and Quality (b)(3)
Feedback: PLEASE KEEP MY NAME ANONYMOUS. Please give my compliments to "TODAYS" 7/29 Chef for [REDACTED] (b)(3)
[REDACTED] The roast beef and roast pork were perfectly cooked juicy and delicious. Even the rice was perfectly cooked and flavorful which even OHB cafeteria fails to cook rice right. I suspect that the usual Chef was not in today, because since our move to [REDACTED] a month ago, we have had nothing but dried, overcooked food and had no flavor. Even the Food selection was plain and uneventful. Many times I have seen customers complain and throw away inedible food from [REDACTED] cafeteria. Even soup served has the consistency of jelly. Please thank todays Chef for giving us a reprieve from our daily inedible culinary choices which costs us money. (b)(3)
